RE: Data Recovery at 42KA6093 and 42KA6505, Coal Hollow Mine C/025/0005

In Reply Please Refer to Case No. 10-1661

Dear Mr. Haddock:

The Utah State Historic Preservation Office received your request for our comment on the above-referenced project on October 13, 2010. USHPO concurs with the DOGM determination that the phase I cultural resource treatment plan for data recovery and avoidance for eight eligible properties in the area of potential effect is adequate for the purpose of mitigation.

This letter serves as our comment on the determinations you have made, within the consultation process specified in U.CA 9-8-404. If you have questions, please contact me at 801-533-3555 or Lhunsaker@utah.gov or contact Jim Dykmann at 801-533-3523 or Jdykman@utah.gov

Sincerely,

Lori Hunsaker
Deputy State Historic Preservation Officer
